

Resource And Economic Development Function

E. Resource And Economic Development Function: This function involves efforts to develop the economic base, including alternative natural resources, and to regulate it with regard to varied public interests of the Commonwealth.

50XXXXX, Resource Management Subfunction: Efforts to conserve and develop natural resources, and to assure a balance between the preservation and development of these resources.

5010000, Forest Land Management: Efforts to promote and take part in the proper management, harvesting, and replanting of forests, to assure a continuing abundance of lumber and timber, to promote multiple uses of forest land while maintaining an ecological and environmental balance, and to protect woodlands from fire and blight.

5010100, Forest Hazard Prevention and Suppression: Efforts to protect the state's forests against destruction and degradation.

5010200, Forestry and Reforestation Incentives: Efforts to support innovative approaches under the provisions of the Reforestation of Timberlands Act.

5010300, Forestry Operations: Efforts to manage the uses of forests, both public and private.

5010400, Reforestation Operations: Efforts to support production and supply of timber and wood products.

5010500, Financial Assistance for Forest Land Management: Efforts to provide financial aid for nonprofit volunteer fire companies and for community forestry programs. [Eff. 7-1-93]

5019900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5020000, Historic and Commemorative Attraction Management: Efforts to identify, acquire, protect, and manage the buildings, structures, and sites which constitute the principal historical, architectural, or archeological sites which are of state or national significance so as to provide opportunities to citizens for enjoyment of historical and commemorative attractions.

5020100, Archeological Sites Management: Efforts to identify, survey, acquire, and/or manage archeological sites of significance to the Commonwealth and the nation.

5020200, Commemorative Attraction Management: Efforts to plan, acquire land for, construct, manage, and operate commemorative facilities and attractions.

5020300, Historic Landmarks and Facilities Management: Efforts to plan, acquire, and manage sites, shrines, and facilities of historic significance to the Commonwealth and the nation.

5020400, Financial Assistance for Historic and Commemorative Attractions: Efforts to provide financial aid to assist state, regional, and local organizations in the preservation, restoration, maintenance, or operation of historical, archeological, memorial, or commemorative sites and attractions.

5020500, Historic Structures Conservation and Assistance Services: Efforts to provide technical and financial assistance to local, regional, and state organizations and to private citizens in the preservation and restoration of historical, archaeological, memorial, or commemorative sites and attractions.

5020600, Veterans Cemetery Management: *Efforts to develop, maintain, and manage cemeteries for veterans. [Eff. 7-1-03]*

5029900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5030000, Land Management: Efforts to conserve, protect, develop, and manage land resources of the state.

5030100, Urban Non-Point Source Pollution Control: Efforts to control erosion, sedimentation, channel erosion, and pollution resulting from improper site design or construction procedures used in development. [Rev. eff. 7-1-00]

5030200, Land Stabilization and Conservation: Efforts to conserve and develop land resources by furthering soil and water conservation practices in the development, utilization, and disposal of water on a watershed basis.

5030400, Mined Land Reclamation and Regulation: Efforts to support proper reclamation of strip-mined land.

5030500, Physiographic Research and Mapping: Efforts to provide information and maps on the character and location of topographic, vegetation, and cultural variations.

5030600, Regulation of Outdoor Advertising: Efforts to enforce regulations governing the erection and maintenance of outdoor advertising signs adjacent to the rights-of-way of the highways.

5030700, Soil Research and Mapping: Efforts to provide information and maps on the classification and location of soils.

5030900, Financial Assistance to Localities for Disposal of Abandoned Motor Vehicles: Efforts to provide financial assistance to local units of government for the removal and disposal of abandoned motor vehicles.

5031100, Shoreline Management: Efforts to provide financial and technical assistance to local units of government for the conservation and development of public beach resources, and to provide technical assistance to property owners for the control of shoreline erosion.

5031200, Statewide Non-Point Source Pollution Control: Efforts to reduce the amount of sediments, ~~and~~ nutrients, toxins, and pathogens from entering the Chesapeake Bay and all other waters from diffuse land sources. [Rev. eff. 7-1-00]

5031300, Urban Non-Point Source Pollution Control: Efforts to demonstrate and monitor the effectiveness of erosion and sediment control measures on critically eroding urban lands.

5031400, Dam Safety Inventory, Inspection, and Certification: Efforts to minimize the risk to life and property resulting from dam failure. [Rev. eff. 7-1-00]

5031600, Financial Assistance for Land Management: Efforts to provide financial aid to localities, planning district commissions, and other state and substate entities for conserving protecting, developing, and managing land resources. [Rev. eff. 7-1-93]

5031700, Natural Heritage Resource Preservation and Management: Efforts to inventory, protect, develop, and manage natural areas and areas of biodiversity. [Rev. eff. 7-1-00]

5031900, Nutrient Management: Efforts to control the timing, rate, and application of nutrients to minimize the introduction of excess nutrients to waters of the Commonwealth. [Eff. 7-1-00]

5032000, Assistance to Soil and Water Conservation Districts: Efforts to provide financial assistance to Virginia's Soil and Water Conservation Districts to support their efforts to conserve soil and water resources, protect water quality, and coordinate local conservation activities with federal, state, and local governments, the private sector, and the general public. [Eff. 7-1-00]

5032100, Flood Plain Management: Efforts to prevent inappropriate flood plain use and development, minimize flood damage risk, and provide technical assistance to local governments. [Eff. 7-1-00]

5039900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5040000, Leisure and Recreation Services: Efforts to provide opportunities for recreation and enjoyment of the natural environment, and to protect scenic, natural, and open space areas.

5040100, Preservation of Open-Space Lands: : Efforts to acquire, protect, and manage open-space land and designated areas to preserve their natural, scenic, historic, and scientific attributes and provide for open-space and recreations areas. [Rev. 7-1-94]

5040200, Financial Assistance for Recreational Development: Efforts to provide assistance (technical and financial) to local, regional, and state organizations in the development of a system of recreational facilities and services; and to provide conservation, nature, and environmental information at state recreational facilities. [Rev. eff. 7-1-00]

5040300, Acquisition, Design, and Construction of Outdoor Recreational Access Facilities: Efforts to acquire land for park and open space areas and the facilities for their use and enjoyment. [Rev. eff. 7-1-00]

5040400, State Park Conservation, Operations, Preservation, and Management: Efforts to manage and maintain park and other recreational lands and facilities and the natural resources thereon, and the necessary activities for the enjoyment of the area, so they may be available to the public (including enforcement of regulations). [Rev. eff. 7-1-00]

5040500, Recreation Research and Planning: Efforts to update a state comprehensive outdoor recreation plan for the acquisition, improvement, and expansion of existing and future parks and open space areas and for the provision of necessary facilities for their use and enjoyment.

5040600, Natural Outdoor Recreational and Open Space Resource Planning and Technical Assistance: Efforts to provide management of and comprehensive planning for protection, acquisition, improvement, and expansion of outdoor recreation and open space resources, and to assist private, local, regional, state, and federal organizations in the management and development of outdoor recreational resources, facilities, and services. [Rev. eff. 7-1-00]

5049900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5050000, Marine Life Management: Efforts to protect, propagate, and maintain an abundant supply of marine life through wise management and the enforcement of protective regulations.

5050100, Marine Life Information Services: Efforts to gather, interpret, and provide statistical data on the harvesting and utilization of marine life species and educational materials on marine life and its management and regulation.

5050200, Marine Life Propagation and Management: Efforts to maintain and increase population stocks of marine life forms contiguous to the state's water to prevent over-exploitation, to maintain stocks in natural proportion, and to provide natural and artificial habitats, including leasing and repletion of bottomlands.

5050300, Marine Life Regulation Enforcement: Efforts to enforce regulations upon fishermen necessary for sound economic/sociologic and biologic management of marine life forms contiguous to the state's waters.

5050400, Marine Science, Resources, and Environmental Research: Efforts to study marine life diseases and ecological problems; to find solutions and discover hybrid and exotic marine life types which may thrive in the state's waters; to find new and better ways to preserve the marine population; to conduct research on marine life forms contiguous to the state's waters; and to conduct marine research generally.

5050500, Marine Resources Surveying and Mapping: Efforts to provide information and plats on the location of oyster planting grounds and public grounds.

5050600, Artificial Reef Construction: Efforts to construct and maintain artificial reefs for improved sport fishing.

5050700, Chesapeake Bay Fisheries Management: Efforts to prepare management plans for oysters and marine fish.

5050800, Oyster Propagation and Habitat Improvement: Efforts to increase oyster production on public shellfishing grounds.

5050900, Chesapeake Bay Management Research: Efforts to provide for biological, physical, and chemical studies of factors affecting shellfish and critical finfish populations.

5059900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5060000, Minerals Management: Efforts to support mineral management and development techniques for sound economic use consistent with proper environmental and safety management.

5060100, Geologic Research and Mapping: Efforts to provide information and maps on the types and locations of mineral deposits, as well as the nature and character of geology.

5060200, Minerals Mining: Efforts to support mining practices which provide environmental management and individual safety in minerals extraction.

5060300, Gas and Oil Extraction Management: Efforts to support drilling practices which provide environmental management and individual safety in the extraction of gas and oil.

5069900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5070000, Resource Management Research, Planning, and Coordination: Efforts to promote resource management through research, planning, and coordination.

5070200, Environmental Research and Coordination: Efforts to research, coordinate, and evaluate major proposed projects which impact on the state's environment.

5070300, Energy Conservation Advisory Services: Efforts to coordinate energy related information, plans, activities, and research among and between the public and private sector.

5070400, Chesapeake Bay Management Reporting: Efforts to collect and synthesize management information related to the Chesapeake Bay initiatives.

5069900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5100000, Coastal Lands Management: Efforts to plan and provide for appropriate and coordinated development, conservation, and beneficial utilization of the tidal waters and their attendant resources. [Rev. eff. 7-1-90]

5100100, Wetlands and Bottomlands Management: Efforts to protect, preserve, and manage the shoreline ecology for the most appropriate and beneficial uses, and to provide for the proper development of state-owned bottomlands (land below the mean low water line) for the protection and betterment of the environment consistent with private and public interests. [Rev. eff. 7-1-90]

5100200, Coastal Lands Surveying and Mapping: Efforts to provide information and plats on coastal land including shorelines and public grounds. [Eff. 7-1-02]

5109900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5110000, Wildlife and Freshwater Fisheries Management: Efforts to maintain optimum populations of wildlife and freshwater fish for use and enjoyment by the people of the Commonwealth.

5110100, Freshwater Aquatic Species Management and Habitat Improvement: Efforts to protect, manage and research freshwater aquatic species, extent and improve the carrying capacity of freshwater habitats, and provide increased public access to freshwater fisheries. [Rev. eff. 7-1-90]

5110200, Wildlife and Freshwater Fisheries Information and Education: Efforts to disseminate information and educational materials on the state's wildlife and freshwater fisheries resources.

5110300, Wildlife and Freshwater Fisheries Regulation and Law Enforcement: Efforts to regulate the taking of freshwater fish and wildlife by recreational fishermen and hunters.

5110400, Wildlife and Freshwater Fisheries Research: Efforts to conduct continuous investigation and inventory of wildlife and freshwater fisheries resources, in order to maintain current population and habitat information upon which to base sound regulatory and other management decisions and actions.

5110600, Wildlife Management and Habitat Improvement: Efforts to protect, manage and research wildlife, extend and improve the carrying capacity of wildlife habitats, and provide increased public access to wildlife lands. [Eff. 7-1-90]

5119900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5120000, Environmental Resources Management: Efforts to conserve, protect, and manage the use of air, land, and water resources of the state to improve and preserve the quality of the environment. [Rev. 7-1-94]

5120200, Groundwater Management: Efforts to conserve, protect and ensure the proper use of the state's groundwater resources.

5120400, Water Discharge Permit Management: Efforts to manage water quality through the issuance and monitoring of discharge permits and certificates. [Rev. 7-1-94]

5120500, Sewage and Wastewater Regulation: Efforts to assure that acceptable methods of sewage and wastewater disposal are employed.

5120700, Water Supply Engineering: Efforts to provide the engineering necessary to abate, clean up, and control the hazards to safe drinking water quality.

5120800, Water Discharge Pretreatment Management: Efforts to protect water quality and improve wastewater treatment through the management and control of harmful wastes entering municipal sewage systems.

5121100, Financial Assistance for Water Supply Monitoring: Efforts to provide financial aid for monitoring and testing residential and municipal water supply systems. [Eff. 7-1-93]

5121200, Permit Assistance and Operations Coordination: Efforts to assist the regulated community and provide for the integrated, coordinated issuance of and compliance with permits from all environmental media, encompassing air, water, and land resources. [Eff. 7-1-94]

5121300, Water Resources Enforcement: Efforts to ensure adherence with the state's water permit, certificate, and other program requirements. [Eff. 7-1-94]

5121400, Air Quality Stationary Source Regulation Enforcement: Efforts to enforce air quality laws, rules, and regulations applicable to existing and potential stationary sources of air pollution in order to abate air pollution and prevent degradation of air quality.

5121500, Air Quality Mobile Source Regulation Enforcement: Efforts to enforce air quality laws, rules, and regulations applicable to existing and potential mobile sources of air pollution in order to abate air pollution and prevent degradation of air quality.

5121600, Waste Permit Management: Efforts to assure the proper siting, management, and disposal of solid, hazardous, infectious, and low-level radioactive wastes through the process of permit issuance based on regulatory standards.

5121700, Waste Inspection Management: Efforts to assure the proper siting, management, and disposal of solid, hazardous, infectious, and low-level radioactive wastes through inspections of waste management facilities and operations.

5121800, Waste Enforcement: Efforts to assure the proper siting, management, and disposal of solid, hazardous, infectious, and low-level radioactive wastes by enforcing federal and state laws and by ensuring adherence to the provisions in state permits. [Eff. 7-1-94]

5121900, Water Discharge Compliance Inspections: Efforts to protect water quality and assure compliance with discharge permits through monitoring and inspections. [Eff. 7-1-00]

5122000, Air Quality Stationary Source Permitting: Efforts to abate air pollution and prevent degradation of air quality through the issuance of permits for stationary sources. [Eff. 7-1-00]

5122100, Air Quality Stationary Source Compliance Inspections: Efforts to abate air pollution and prevent degradation of air quality by assuring permit compliance through monitoring and inspections of stationary sources. [Eff. 7-1-00]

5129900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5130000, Environmental Research and Planning: Efforts to conduct research regarding the utilization of the state's natural resources, and to develop and implement plans to improve and maintain the quality of the environment.

5130300, Water Supply Planning: Efforts to plan for sufficient water supply resources to meet the state's needs.

5130500, Water Quality Planning: Efforts to plan for requirements and actions which will ensure surface and groundwater quality including assessment and revision of areawide and river basin water quality management plans. [Rev. 7-1-94]

5130600, Water Quality Research: Efforts to ensure the preservation of water quality through scientific research, monitoring, and the development of standards, including those for toxics. [Eff. 7-1-94-]

5130700, Air Quality Research and Planning: Efforts to ensure the preservation of air quality through research and the continuous development of standards, procedures, rules, and regulations consistent with public and private interests as well as applicable federal, state, and local laws. [Eff. 7-1-94]

5139900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5140000, Environmental Monitoring and Evaluation: Efforts to monitor and evaluate the state's environmental resources in order to maintain their quality. [Rev. 7-1-94]

5140100, Air Quality Monitoring and Evaluation: Efforts to monitor and evaluate air quality by use of a surveillance network supported by laboratory, statistical, and data analysis techniques in order to evaluate the state's success in abating air pollution and to establish a basis for future air quality strategies. [Rev. 7-1-94]

5140500, Chesapeake Bay Water Quality and Habitat Monitoring: Efforts to monitor the Chesapeake Bay drainage basin and to track the change in water quality and wildlife habitats. [Eff. 7-1-94]

5140600, Water Quality Assessments: Efforts to assess the quality of the state's waters. [Eff. 7-1-94]

5140700, Surface Water Investigations: Efforts to monitor the use of the state's surface and other water resources. [Eff. 7-1-94]

5149900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5150000, Environmental Technical and Financial Assistance: Efforts to protect, retain, and develop the environmental resources of the state by offering technical and financial assistance. [Eff. 7-1-93]

5150100, Litter Control and Recycling Activities: Efforts to assure adequate litter control of public places through educational awareness and other support, and to reduce waste disposal and improve resource utilization through the promotion and development of recycling markets. [Eff. 7-1-94]

5150200, Financial Assistance for Environmental Resources Management: Efforts to provide financial aid to localities, planning district commissions, and other state and substate entities for conserving, protecting, developing, and managing environmental resources. [Eff. 7-1-93]

5150300, Construction Assistance Loans and Grants: Efforts to provide financial support to localities for water quality control facilities. [Eff. 7-1-93]

5150400, Financial Assistance for Water Quality: Efforts to provide financial assistance to localities, planning district commissions, and other state and substate entities for the control of pollution sources of publicly-owned lakes, and to carry out water quality management planning. [Eff. 7-1-93]

5150500, Construction Assistance: Efforts to administer the construction assistance program for water quality control facilities. [Eff. 7-1-94]

5150600, Wastewater Treatment Plant Operator and Management Assistance: Efforts to assure water quality through the provision of assistance, training, and quality assurance programs to wastewater treatment plant operators and others involved in wastewater treatment. [Eff. 7-1-94]

5151700, Financial Assistance for Coastal Resources Management: Efforts to provide financial assistance to localities, planning district commissions, and other state and substate entities for preserving, protecting, developing, and managing coastal resources. [Eff. 7-1-93]

5150800, Prevention of and Response to Chemical Emergencies: Efforts to prevent, plan and prepare for, and enhance the management of chemical emergencies in accordance with the mandates of the federal Community Right-to-Know Act. [Eff. 7-1-94]

5159900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.) [Eff. 7-1-94]

5160000, Environmental Policy and Program Development: Efforts to develop policies and program initiatives to make a positive impact on the quality of the environmental resources of the state. [Rev. 7-1-94]

5160100, Policy and Program Development: Efforts to review and make recommendations on issues, policies and state programs affecting the state's environmental resources. [Rev. 7-1-94]

5160400, Regulatory Development and Review: Efforts to develop and review regulations required to administer state and federal environmental resources. [Rev. 7-1-94]

5161400, Pollution Prevention: Efforts to promote the planning, development, implementation, and maintenance of effective strategies to prevent pollution, including waste minimization, reuse, recycling, and enhancement of technical and financial capabilities. [Eff. 7-1-94]

5169900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5170000, Environmental Information, Education, and Assistance: Efforts to provide education, information, and assistance to the public and private sector regarding issues affecting the quality of the environment. [Rev. 7-1-94]

5170200, Environmental Communications and Education Services: Efforts to provide opportunities to raise general public awareness about environmental issues and the impact of the public's behavior on the environment. [Eff. 7-1-94]

5170300, Interagency and Intergovernmental Coordination: Efforts to perform comprehensive environmental planning, policy analysis, and coordination. [Eff. 7-1-94]

5170400, Coastal Resources Management: Efforts to plan, implement, and maintain effective strategies for the protection and conservation of the Chesapeake Bay and tributaries and the state's coastal resources. [Eff. 7-1-94]

5170500, Interstate Management and Coordination: Efforts to support and fund interstate environmental resources planning and management. [Eff. 7-1-94]

5179900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5180000, Environmental Response and Remediation: Efforts to investigate and respond to environmental pollution incidents and violations of environmental regulations, develop and or implement corrective action or remediation plans for pollution incidents, and to administer regulatory responsibilities related to underground storage tanks, oil handling facilities, above-ground storage tanks, and oil hauling vessels. [Rev. 7-1-94]

5180100, Environmental Emergency Investigation and Response: Efforts to investigate and respond to environmental pollution incidents and violations of environmental regulations, other than oil-related pollution incidents. [Rev. 7-1-94]

5180200, Underground Storage Tank Regulation and Remediation: Efforts to implement and administer the underground storage tank responsibilities including remediation and reimbursements to tank owners/operators from the fund. [Rev. 7-1-94]

5180300, Oil Spill Discharge Response: Efforts to respond to oil spill discharge pollution incidents, and to administer regulatory responsibilities related to oil handling facilities, above-ground storage tanks, and oil hauling vessels. [Rev. 7-1-94]

5180400, Waste Disposal Site Remediation: Efforts to investigate, stabilize, remediate, or restore land or other resources damaged or contaminated by unmanaged hazardous waste disposal. [Eff. 7-1-94]

5189900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget. [Eff. 7-1-92]

5190000, Administrative and Support Services: Efforts to provide overall administrative and logistical support services.

5190100, General Management and Direction: Efforts to provide administrative management and direction.

5190200, Computer Services: Efforts to provide automated data processing services.

5190300, Accounting and Budgeting Services: Efforts to provide accounting and budgeting services.

5190400, Architectural and Engineering Services: Efforts to provide architectural and engineering services for an institution or university hospital.

5190500, Collection and Locator Services: Efforts to locate individuals for the purpose of collecting funds for support payments, delinquent accounts and/or other monies owed to the Commonwealth.

5190600, Filtration and Treatment Plant Operation: Efforts to operate and maintain filtration and treatment plants.

5190700, Food and Dietary Services: Efforts to provide food and dietary services to patients, prisoners, and students in an institution or university hospital (excluding higher education institutions).

5190800, Housekeeping Services: Efforts to provide housekeeping services for patients confined to hospitals or sanitariums.

5190900, Linen and Laundry Services: Efforts to provide laundry services for prisoners and students in institutions (excluding higher education institutions) and linen services for patients confined to hospitals or sanitariums.

5191000, Medical and Clinical Services: Efforts to provide medical and clinical support services in an institution or university hospital (excluding higher education institutions).

5191100, Medical Management and Direction: Efforts to provide medical management and direction for hospitals and sanitariums.

5191300, Nursing Management and Direction: Efforts to provide nursing management and direction for hospitals and sanitariums.

5191400, Personnel Services: Efforts to provide personnel services.

5191500, Physical Plant Services: Efforts to operate and maintain physical plant facilities.

5191600, Planning and Evaluation Services: Efforts to provide planning and evaluation services.

5191700, Power Plant Operation: Efforts to provide, operate, and maintain power plants (for institutions and university hospitals which accrue specific costs outside of physical plant services, excluding institutions of higher education).

5191800, Procurement and Distribution Services: Efforts to provide procurement and distribution services.

5191900, Public Information Services: Efforts to provide public information services.

5192000, Records Retention and Word Processing Services: Efforts to provide records retention and word processing services.

5192100, Recreation Services: Efforts to provide active and passive recreational services, including the operation of activity centers for patients, prisoners, and students in institutions or university hospitals (excluding higher education institutions).

5192200, Residential Services: Efforts to provide residential (houseparents, cottage supervisors, or halfway house supervisors) services in institutions (excluding higher education and correctional institutions).

5192300, Security Services: Efforts to provide security services to facilities and grounds for institutions and university hospitals (excluding higher education and correctional institutions).

5192400, Teacher Management and Direction: Efforts to provide teacher management and direction for an institution or university hospital.

5192500, Training and Education Services: Efforts to provide training and education to state employees.

5192600, Transportation Services: Efforts to provide transportation services to patients, prisoners, or students in institutions or university hospitals (excluding higher education institutions).

5192700, Vessel Operation Services: Efforts to operate and maintain research vessels and similar watercraft.

5192800, Grant and Loan Administration: Efforts to administer grant and loan programs.

5199900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

52XXXXX, Economic Development, Promotion, And Improvement Subfunction: Efforts to develop, promote, and improve agriculture, commerce and industry, and their products.

5300000, Agricultural and Seafood Product Promotion and Development Services: Efforts to support research, education, publicity, and promotion on behalf of agricultural and seafood products originating in Virginia.

5300100, Agricultural Commodity Promotion and Support Services: Efforts to promote the sale and use of Virginia agricultural products through advertising, publicity, and education and to support research relating to the production and marketing of Virginia agricultural products.

5300200, Agricultural Product Promotion Services: Efforts to promote products of the Virginia agriculture industry.

5300300, Seafood Product Promotion Services: Efforts to advertise and promote seafood and seafood products.

5309900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5310000, Animal and Poultry Disease and Pest Control: Efforts to reduce livestock and poultry losses caused by insects and diseases.

5310100, Animal and Poultry Health Services: Efforts to protect livestock and poultry from infectious, contagious, and exotic diseases, to coordinate animal disease eradication activities with cooperating agencies, and to provide technical and professional assistance to the industry and allied professions.

5310200, Regional Diagnostic Laboratory Services: Efforts to provide diagnostic services to the livestock and poultry industries for the detection and control of diseases in accordance with governing laws.

5319900, Other Services: Efforts not specifically described in the preceding subprogram(s) but which relate directly to the program described. (This subprogram may be used only with the prior written approval of the Department of Planning and Budget.)

5320000, Commerce and Agricultural Markets Development and Improvement: Efforts to develop and further improve the scope, effectiveness, and efficiency of trade for Virginia.

5320100, Agriculture Commodities and Products Standardization and Certification: Efforts to certify standards, grades, and weights of commodities and products offered for sale.

5320200, Commerce Advertising: Efforts to design and place advertising in national and international media.

5320300, Cooperation with the USDA and Other Federal Agencies: Efforts to cooperate with federal agencies in joint and related activities that may include use, establishment, and promulgation of grades and specifications suitable for use in Virginia.
